

Please leave K-Love broadcast signal as is. I listen to 104.3 each day in my home and car. It is important to my family and community at large to have a station where I don't have to worry about what my children will hear either in music content or news stories. All programing is uplifting and provides calming assurance in our busy, hectic world. If this station were to be taken away I believe the people of our community would be left to listen to music that has words/implications that are objectionable for God fearing families. Please leave the K-Love network intact. There are many stations that have secular music but few Christian stations, please don't take mine away. The stations in my area are 104.3, 96.9 and 102.3. Thank you for your time.
